

INFANT RICHART L

Full Stack Developer

Thanjavur, Tamil Nadu | infantrichart06@gmail.com | 8610038830 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with practical experience in Java and MERN Stack development. Skilled in building secure, scalable web applications using Java, JSP, Servlets, React.js, Node.js, and MongoDB. Experienced in MVC architecture, role-based access control, and workflow automation through real-world academic and internship projects. Completed internships at Gradtwin and Jadayau Software Technology, gaining exposure to full stack development, application testing, and software workflows. Currently pursuing MERN Stack training to strengthen frontend and backend development skills. Eager to apply technical knowledge and problem-solving skills in a professional software development environment.

EDUCATION

Bachelor of Technology – Information Technology	2022 – 2026
Anjalai Ammal Mahalingam Engineering College, Kovilvenni CGPA: 7.85	
HSC – Don Bosco Matric Higher Secondary School	73% 2020 – 2022
SSLC – Don Bosco Matric Higher Secondary School	64.8% 2019 – 2020

TECHNICAL SKILLS

Languages: Java, C, C++, Python, JavaScript
Frontend: HTML5, CSS3, Bootstrap, React.js, Tailwind CSS
Backend: Node.js (Express.js), JSP, Servlets
Database: MySQL, MongoDB
Tools & IDE: Eclipse, VS Code, MySQL Workbench, Git, GitHub, Vite
Operating Systems: Linux, Windows

PROFESSIONAL EXPERIENCE

Java Full Stack Intern	Jan 2026 – Mar 2026
Gradtwin, Chennai, Tamil Nadu	
- Developed and enhanced full stack web application features using Java, Spring framework, and React.js. - Collaborated with the development team on debugging, testing, and code review tasks. - Gained hands-on experience in MVC architecture and end-to-end application development workflow. - Supported application testing and assisted in resolving development issues under senior guidance.	
Java & Application Support Intern	Jun 2025 – Jul 2025
Jadayau Software Technology, Thanjavur, Tamil Nadu	
- Assisted in application development, testing, and UI-related tasks under senior guidance. - Troubleshooted and resolved application-related issues, improving understanding of software workflows. - Supported development of web-based systems and Java-based application design.	

COURSES & CERTIFICATIONS

Full Stack Web Development – MERN Stack – CodeTech Technology Institute, Chennai	Jan 2025 – Present
- Currently pursuing 5-month intensive training on MongoDB, Express.js, React.js, and Node.js. - Building full stack projects with user authentication, dynamic UI components, and database integration.	
Advanced Diploma in Python Programming (ADPP) – Computer Software College (CSC)	Jun 2022 – Oct 2022
- Completed advanced diploma covering C Language, Object-Oriented Programming using C++, and Python. - Awarded Grade A (Excellent) upon successful completion at Thanjavur centre.	

PROJECTS

Automobile Production Data Security and Workflow Optimization System

Technologies: Java, JSP, Servlets, HTML5, CSS3, Bootstrap, MySQL 8, Apache Tomcat 9

- Built a scalable MVC-based web application to automate manufacturing workflows and improve operational efficiency.
- Implemented RBAC authentication to manage user permissions and secure access across modules.
- Developed backend functionalities using Java JSP & Servlets with MySQL 8 integration.
- Designed responsive frontend interfaces using HTML5, CSS3, and Bootstrap for better user experience.
- Deployed and tested the application using Apache Tomcat 9 and Eclipse IDE.

Virtual Airline Nexus

Technologies: HTML5, JavaScript, React.js, Tailwind CSS, Vite, Node.js, MongoDB

- Built a scalable React.js frontend with reusable components for efficient and maintainable user interfaces.
- Constructed a Node.js/Express.js backend with MongoDB for structured data storage and management.
- Designed dynamic UI layouts using Tailwind CSS and Vite for fast and responsive web experience.
- Maintained project via GitHub for version control, branching, and collaborative code management.
- Implemented user-friendly navigation and modular architecture for scalable application structure.
